By Law for Palestine

This weekly report reviews the legal dynamics around the Palestine question, and everything related to international law and Palestine. The report includes an account of the most important publications, activities and conferences on Palestine at the local, regional and international levels. The report further covers decisions, decrees, and judicial orders affecting the Palestinian issue, made at the official, academic or public levels. The goal from this report is to create a source of reference for monitoring, documenting and archiving the latest human rights developments related to Palestine, and to present them to the individuals, researchers, study centers, and official, academic, and legal institutions concerned.
