Civilian harm / collective punishment
The Israeli army admitted on Thursday that it killed dozens of Palestinians in an air strike on the Maghazi refugee camp in Gaza on Christmas Eve. An army spokesperson told Kan news that the military regretted that the attack, which killed 70 people, had harmed people adjacent to the intended target. “A preliminary investigation revealed that during the attack, additional buildings were damaged adjacent to the targets that were [meant to be] attacked,” the spokesperson told Kan. “This apparently resulted in harm to those not involved.” IDF regrets the harm to those not involved.” Israel has previously bombed the camp, but the attack on Sunday was described as one of the “deadliest” since the start of the conflict in early October. The bombing of the camp started just before midnight on Christmas Eve and continued into Christmas Day. Israel called the attack “a horrific massacre” and a “new war crime”. On Wednesday, the Palestinian Health Ministry said that the death toll from Israel’s operation had surpassed 21,000, most of them women and children. Here, Israel is the head of the Israeli armed forces, said on Sunday that the hostilities will continue for “many more months”. At least 1.5 million Palestinians have been internally displaced since the beginning of the Gaza assault, according to UN estimates. Only limited amounts of aid have been allowed to enter Gaza since the beginning of the war as Israel has imposed a total blockade on the strip, including cutting off water and electricity supplies, causing severe shortages of water, fuel, food, and medicines.

IDF statement on Israeli news
Civilian harm
IDF: “We didn't demand to evacuate Al-Shifa, we answered the request of the hospital’s manager to allow citizens to evacuate” the article mentions the IDF did not ask medical staff or patients to evacuate as they invaded parts of the hospital (as well as bombed all around in the days leading to the invasion) as previously claimed by doctors in hospitals, but instead “allowed” some who wanted to evacuate to do so through a "safety zone" (which newsheets has also mentioned army snipers shooting at that path) along with "providing medical care" to the hospital - which has been debunked in the evidence sheet as empty boxes with nothing in it, along with testimonies from both palestinian and foreign doctors denying Israel’s claim to a “hamas commander quarter” inside or under the hospital. Evidence made by IDF spokesperson and others has been widely debunked online. (note as of 02 January 2024: https://www.workingfront.org/2023/11/19/idf-fires-on-medical-workers-at-al-shifa-

Israeli forces drove bulldozers through Sheikh Shaban cemetery in the al-Saha neighborhood in eastern Gaza. Graves were destroyed, and already-buried bodies were exhumed, crushed and mutilated.

Al Jazeera journalist Ismail al-Ghoul reported that, “Parts of the dead bodies, including those of children, are clearly visible around the area.”

Prior to the war, Palestinian families lived in Sheikh Shaban cemetery because of the lack of available housing in the Gaza Strip. Gaza is among the smallest and most densely populated cities in the world.

There has been little space, or time, for families to have funerals - or even graves - during Israel’s bombardment. Some hospitals have been forced to bury people before their relatives could identify them because there’s not enough space in the morgues to keep them.

Scared parents scrawl children’s names on their arms and legs in the hopes they will at least be identified after they die.

In addition to relentless bombing, Israel has blocked food, water, fuel and electricity in the Gaza Strip. As of publishing, over 20,000 people have been killed. 70% of them are women and children.

IDF edits and reuploads “evidence” video from a hospital used to justify its bombardment of it - this time blurring the laptop screen which had a picture of a soldier as a background as well as the charger with QI-148 on it with a charger that is not used in Gaza but only in Israel (second link). IDF spokesperson later stated that “this laptop belonged to a soldier that previously was kidnapped and released”, failing to mention why this information wasn’t included in the original video, as well as to why they have blurred the screen in the second upload if so, and why the IDF page has deleted this video all together since.

Yon: how to kill 50,000 gazans? Yosian: you sent plans in four waves and you flatten [the area], this is called a translant/turkish model because we are in the middle east, not in the west. We then wake up the next morning, and we have Hasbara, and then have סגורת חשבון [closure]. <td>&quot;About 50 Jewish rabbis wrote in a letter to Netanyahu that there is no religious or moral objection to bombing Al-Shifa Hospital and its occupants if &quot;enemies&quot; are hiding inside&quot;. Israeli right-wing journalist Amit Segal shared a letter from 45 influential Israeli rabbis (initial list), addressed to: &quot;Prime Minister Benjamin Netanyahu May His Light Shine, the heads of state and security apparatus,&quot; explicitly affirming the right of the state to bomb the Al-Shifa hospital in Gaza — the main hospital in the strip. &quot;It is necessary to clarify, that also when the enemy hides behind a &quot;human shield&quot;, as with the information about the terrorist headquarters at the Shifa hospital in Gaza — there is no halachic (Jewish religious law) or moral prohibition, nor a legal one, for bombing the enemy after sufficient warning. And if under such action innocent blood will be spilled, the guilt will be solely on the heads of the cruel [Hamas] murderers and their supporters.&quot; There are several notable rabbis among the list of signatories who have advocated for the killing of &quot;enemy babies&quot; in the past. Rabbis Yitzhak Shafrira and Yosef Elitzur explicitly wrote this in their 2008 book Torah Hamelech (King's Torah), claiming that such babies can often be in the way of killing the enemy and that their killing is therefore permitted. In addition, they wrote their murder is permitted under the justification that these babies &quot;will grow to harm us.&quot; One of the authors of Torah Hamelech, Yitzhak Shafrira, rabbi of the Od Yosef Hai yeshiva in Yitzhar, is a signatory to yesterday's letter the yeshiva was notably recipient of Kushner family fund grants until 2011. genocidal intent / civilian harm / collective punishment / dehumanisation  
You may think you’re being merciful to a child, but you’re not - you’re being vicious to the ultimate victim this child will grow up to kill - erase every memory of “amalek” - meaning men women and children do not have the right to exist.

<td>&quot;An Israeli mother sends her son to the battlefront, saying, “All Palestinians must be killed and Gaza and its hospitals must be destroyed.” Eviatar El-Baz, a conscript doctor who also specializes in bomb disposal, said before going to Gaza that the Israeli army “will make history.” Sarah El-Baz, Eviatar’s mother, says during his farewell that she supports “killing everyone” in Gaza, and bombing all sites, including hospitals. “From the Jordan River to the Middle East, this is ours, and we were promised that. There is no Palestinian state. No one wants them, so why us? Because we’re good? We finished being good three weeks ago,” she said. She added: “The only innocent people in Gaza now are the 229 hostages who were taken. As soon as they return to Israel, we will bomb Al-Shifa Hospital and all the hospitals and all the tunnels and we will kill them all. The time has come. The world knows it. There is no debate about it. We are the center of the world now.”</td>
