**Judicial decrees, decisions, positions, and orders issued by official Israeli bodies:**

- The Israeli Knesset [approved](#) in second and third readings the Bill for Stopping the Activity of UNRWA (Amendment), 2025, which would prevent providers of electricity or water from supplying services to properties registered under UNRWA name. The bill also proposes granting the state authority to take possession of land used by UNRWA in certain compounds. **Judicial decrees, decisions, positions, and orders issued by Arab, European, and international bodies:**

- The Jordanian Ministry of Foreign Affairs [expressed](#) its strong condemnation of the Israeli Knesset's approval of a bill targeting the operations of UNRWA and undermining its ability to provide vital humanitarian services. The Ministry described the bill as part of a systematic Israeli campaign against UNRWA aimed at depriving the Palestinian people of their rights, particularly the right of return and compensation for refugees. The bill was also [condemned](#) by the Speaker of the Arab Parliament and the [League](#) of Arab States. (December 29–31, 2025)

- The Commissioner-General of UNRWA, Philippe Lazzarini, [stated](#) that the Israeli Knesset's vote on new legislation targeting the agency is outrageous, stating that it constitutes a direct affront of UNRWA's mandate as granted by the United Nations General Assembly, and is contrary to findings of the International Court of Justice. Lazzarini explained that the legislation would cut off water, electricity, fuel, and communications to UNRWA, grant the Israeli government authority to expropriate United Nations property in East Jerusalem—including UNRWA's headquarters and vocational training center and exclude the agency from the UN Convention on the Privileges and Immunities, in clear violation of Israel's international obligations. (December 30, 2025)

(December 31, 2025)
- Belgium's Minister of Foreign Affairs and European Affairs, Maxime Prévot, [affirmed](#) that humanitarian access is not optional, noting that Israel's cancellation of the registration of a number of international organizations constitutes a violation of its obligations under international humanitarian law. - United Nations Secretary-General António Guterres [stated](#) that the decisions taken by the Israeli Knesset regarding UNRWA are aimed at obstructing the agency's operations, contradict its status and the framework of international law, and must be immediately repealed. Since the ceasefire was declared, B'Tselem reported that Israel has killed 414 Palestinians and injured 1,145 others in the Gaza Strip, many near the Yellow Line, stressing that the genocide in Gaza is not over. - Al-Haq and the Palestinian [Centre](#) for Human Rights (PCHR) [condemned](#) Israel's decision to bar 37 international humanitarian organizations from operating in the Occupied Palestinian Territory, describing the move as an extension of genocidal practice. (December 30, 2025)
- Médecins Sans Frontières (MSF) [stated](#) that Israel's threat to withhold its registration along with that of dozens of other international non-governmental organisations constitutes a grave blow to humanitarian aid in Gaza and the West Bank.
